PREFACE

This year, 1980, Bibliotheca Sacra as been in existence for 139 years and has been published quarterly by Dallas Theological Seminary since 1934. It has the unique distinction of being the oldest theological quarterly in continuous publication in America. Over the years it has published articles by prominent theologians and expositors of the Scriptures. This work is an index of the years 1971-1980.

An index for the years 1934 through 1970 was produced in 1971. It is available through the Seminary Book Room.

Back issues of Bibliotheca Sacra may be ordered from the subscription office of Bibliotheca Sacra, 3909 Swiss Avenue, Dallas, Texas 75204.

Libraries and other subscribers to Bibliotheca Sacra may purchase the journal on microfilm from University Microfilms. Article copy service is also available from University Microfilms. All orders should be sent to University Microfilms, 300 North Zeeb Road, Ann Arbor, Michigan 48106.

PROCEDURES FOR USING THE INDEX

While all the articles have been indexed, book reviews have been omitted. The index is divided into two parts: the Subject Index, and the Author Index. All entries are arranged according to ALA Rules for Filing Catalog Cards (2d ed; Chicago: American Library Association, 1968) or alternative options stated therein.

Subject headings were mostly drawn from the Subject Headings Used in the Dictionary Catalogs of the Library of Congress (9th ed.; Washington: U.S. Library of Congress, 1980). In some cases the listing had no appropriate headings or subheadings for in-depth indexing of theological articles. Therefore, new headings and/or subheadings were selected.

For each article as many headings were selected as the indexer deemed necessary for directing users to the subjects discussed. Thus the article "Fellowship and Confession in 1 John 1:5-10," by Zane C. Hodges, is found under the following four subjects: "Bible. N. T. 1 John 1:5-10"; "Christian life--Biblical Teaching"; "Confession"; "Fellowship--Biblical Teaching."

The Subject Index arranges alphabetically all the topics treated and persons referred to. Attention should be called to the arrangement of subheadings under "Bible." Thus "Bible--Versions, Syriac--Pehsitta" precedes "Bible. O. T.--Antiquities." The books of the Bible are arranged in canonical order. Therefore, "Bible. O. T. Genesis" comes before "Bible. O. T. Daniel," and "Bible. N. T. Matthew" precedes "Bible. N. T. John."
